1

Swim with dolphins

A must-do activity in Rockingham is swimming alongside wild bottlenose dolphins. There are hundreds of resident dolphins that the Perth Wildlife Encounters team have come to know, and once the boat is surrounded by these majestic mammals, just mask up and jump right in. Your guide will brief you on how to swim respectfully alongside these beautiful animals.

2

Relax at world-class beaches

Stretch out along the pristine white sands of Rockingham's world-class beaches, without the crowds. Many bays are surrounded by lush, tree-lined parks and are north facing, offering wind protection for the calmest, crystal waters. The well-protected and conveniently located Palm Beach and Rockingham Beach are top family hangouts, while other slices of paradise to discover include Mangles Bay, Penguin Island and the glorious bays at Point Peron.

3

Taste one of Rockingham's boutique brews

Thirsty for a locally brewed, craft beer? Open over the weekends during the warmer months, Whitelakes Brewing serves upscale pub meals with stunning views of Lake Walyungup. Access their brews all year round next door at Vernon Arms Tavern.

In Safety Bay you'll find Azacca Kitchen, known for delicious share-style dishes, regular live music and their own craft beer on tap. The new kid on the block to add to the itinerary is Sound Brewing Company, a brewery and restaurant home to 24 rotating taps.

4

Kayak amongst sea lions or rent a SUP at the foreshore

Capricorn Seakayaking offers an all-ages kayak tour of Penguin and Seal Island, a chance to glide along crystal water and look out for rare sea lions, little penguins and pelican rookeries in Shoalwater Islands Marine Park. Another way to experience Rockingham's calm waters is on a stand-up paddle (SUP) board, available to hire from Oarsome Hobbies or Surf Mania.

5

Experience coastal views on an e-scooter

If you need a break from walking, zip around Rockingham on an e-scooter. Not only is it a fun way to see the city and explore the foreshore, but it's also an eco-friendly way to get around. Download the Beam app on your smartphone to locate your nearest scooter and pay as you ride.

7

Take in the views at Point Peron lookout

A few minutes' drive from the foreshore will bring you to Point Peron, a popular cape with rugged limestone cliffs and protected bays perfect for swimming and snorkelling. Walk along the Lookout Bridge and admire panoramic views of the Shoalwater Islands Marine Park and come back at golden hour to watch the sunset over the Indian Ocean.

6

See some of the oldest living life forms on earth and visit our wonderful environmental centre

HERITAGE AND ART, AT THE HEART of ROCKINGHAM

By MONIQUE CECCATO

LOSE YOURSELF IN THE ABUNDANT ART, RICH CULTURE, AND FASCINATING HISTORY OF ROCKINGHAM.

Art for all

Opening as NAIDOC Week 2022 kicked off, the revamped Rockingham Arts Centre ushered in a new era of arts, crafts, and associated learning for the region. The Rockingham Arts Centre reopened with the launch of temporary exhibition, *The Nullians Exhibition*, by renowned Nyungar artist Sharyn Egan.

Sharyn's work was the first to grace the exhibition space, showcasing her collection of Nullians; carved pieces made from the balga, or grass tree.

While an exciting line-up of art is already slated to follow Sharyn for 2022, Rockingham Mayor Deb Hamblin says an annual exhibition program will commence in 2023. "[It] will provide artists and art groups with more opportunities to activate the space and provide programs and activities to the community," she says.

Rockingham's commitment to community engagement and art extends beyond the centre's four walls. Take a stroll through The Village Green, and discover the

sculptures abound. Start at 'The Wave' – a curving metal structure complete with sailboat and surfer. There are more than 30 public artworks around town and the foreshore.

Take a tour

With its bountiful land and lake systems, pre-settlement Rockingham was a fruitful hunting ground for the Nyungar people. Fishing and foraging were commonplace in and around the fresh waters of Lake Richmond; a body separated from Cockburn Sound by seaward advancement just 4,000 years ago. But, the coastline just 1km away holds the most significance for the Aboriginal people.

"Point Peron (Boya Kaarla) is spiritually important to the Nyungar people," says Justin Martin, owner of Djurandi Dreaming, a tour guiding and Aboriginal art company based in Wadjuk country (Perth). "Boya Kaarla, or the place of many fires, was known to be

a gathering place for many Nyungar of the past. In some parts of the cape, important men of the Nyungar community were buried."

Justin leads 1.5-hour walking tours through the sacred land, sharing his knowledge and the Nyungar dreaming stories of the area while exploring coastal caves and foraging for native edibles around the point. "Getting out on country is a must-do for all," he says.

Explore what lies beneath

Eleven metres under the surface of the Indian Ocean lies the skeletal remains of the Saxon Ranger. Once a fishing trawler servicing the south coast, the stricken vessel that washed up on the Rockingham foreshore

CONNECT Learn about Indigenous culture on a guided tour with Djurandi Dreaming (top) and discover art all around you.

is now almost unrecognisable. Its deck and galley have come alive with sea grasses and corals, and the trawler's many nooks and crannies have become hiding holes for fish, octopi, sea stars and more.

The wreck sits just under 2km from shore at Warnbro Sound, marked by a yellow wreck marker visible from the Bent Street boat ramp. Guides aren't necessary to navigate through the wreck if you're experienced, but dive passes are. Purchase a dive pass for a nominal fee from the Rockingham Visitor Centre (19 Kent Street).

Dive into history

Across the way, housed in a quaint Art Deco build circa 1946, is the Rockingham Museum. Step inside and take a step back in time, where photos, artefacts, maps, local newspapers, and the Rockingham Cemetery Records lay out the history of the city and its founding families. Deceivingly small from the outside, you can easily lose a few hours exploring the maze of different rooms. Entry is by gold coin donation. Check the museum's website for up-to-date opening hours.

LAIDBACK
COASTAL LIFE,
ARTS, FOOD AND
CULTURE ALONG
ROCKINGHAM
FORESHORE.

ROCKINGHAM FORESHORE

Rockingham is where the coast comes to life and there's no place that highlights this quite like the foreshore.

Being the only north facing beach in the Perth metropolitan area, Rockingham Foreshore is pleasantly protected, making for perfectly glassy, calm waters. Go for a dip, rent a SUP (stand up paddle board) from **Surf Mania** or simply sit back and watch the sunset, soaking in stunning coastal views.

Following revitalisations in recent years, amenities have never been better. Laze on the shaded deck chairs for a moment's rest, and/or go for a walk, run or ride along the **Foreshore Flow** pedestrian path.

Settle in at **Val Street Jetty** or wander south-west along the cape to **Palm Beach** where you can cast a line across the serene waters to catch dinner for the night.

Get even closer to the rich marine life when diving among the **Churchill Park Dive Trail**. Located around 50 metres out from the Rockingham Foreshore, the dive trail is easily accessed via Flinders Lane car park and features small wrecks, small airplanes, and children's playground equipment. Watch an assortment of sea creatures pass you by, including Western Australian seahorses for those with a keen eye. If you're new to diving, looking to improve your abilities, or for an expert's insights into the area, book in for a tour or lesson with **Scubanautics Diving Academy**.

In addition to a world of aquatic activities, there's ample art and history to be absorbed too. A short stroll away from the coast you'll find the **Rockingham Arts Centre** where creative workshops and free exhibitions are hosted year-round. Also look out for various public artworks around Rockingham coming to life with augmented reality to stimulate your senses.

A stone's throw away, on the Village Green, visit **The Rockingham War Memorial** to commemorate Australian soldiers missing in action. Observe the powerful monument made to represent the Army, Air Force and Navy, featuring a QF 25-pounder field gun, a propeller, and an anchor.

Empower the kids to learn more about the city on an interactive scavenger hunt. Stop by the Visitor Centre (19 Kent

Street) to pick up a map and questionnaire and once you're done, visit the **Rockingham Museum** next door to discover how Rockingham came to be and how it has evolved since.

There's plenty to uncover, from first settlement in 1829 when Europeans established Sulphur Town on **Garden Island** to modern day tourism. Did you know, Rockingham was named after the ship *Rockingham* that arrived here in 1830 as part of

So whether you're admiring the magnificent little penguins up close at the **Penguin Island Discovery Centre**, spotting sea lions on a wildlife cruise or swimming alongside dolphins with **Perth Wildlife Encounters**, it's sure to be an unforgettable experience.

Birdlife is also abundant across the marine park and can be observed from the purpose-built network of boardwalks along the coastline and on Penguin Island. Look up and spot pelicans soaring above the water.

Similarly, Safety Bay is an aquatic paradise and perfect for thrill-seekers, with kite surfers flocking to **The Pond**. This world-class kitesurfing destination is frequented for its mirror-like flat water conditions and consistent winds. The Pond hosts many

international and local kitesurfing competitions, much to the awe of spectators who love catching the sport in action.

If you're looking to get out and ride some waves, **WA Surf** can be found near **Safety Bay Yacht Club** for lessons and equipment.

Worked up an appetite? Head to **Azacca Kitchen**, which has quickly become a crowd favourite thanks to its craft beer, flavoursome dishes and beachside views to complement. With its tempting selection of seafood and prime meat cuts, heavily Western Australian wine list and lengthy selection of cocktails, you'll be spoilt for choice.

For a casual evening meal, there's **Bayside Fish Shack** at **Bayside Shopping Centre**, where traditional fish and chips meets an extended menu of inspired creations. Enjoy their renovated courtyard dining area or takeaway for a sunset picnic on the beach.

Further down the coast towards Waikiki, the smell of authentic spices, stir fries and coconut curries will lead you directly to **Kao Suay Thai Cuisine**. This is perfect for hungry families or groups looking to share and taste an array of flavours.

Café Barco is another hotspot not to miss. With views looking out towards the ocean, it's the perfect place to enjoy fresh, wholesome food and quality coffee.

thrombolites are estimated to be 6 million years old.

Enjoy a stroll along the boardwalk, which loops around the lake, and observe flocks of wild pelicans, black swans, a variety of ducks and heron, as well as other significant flora and fauna. A purpose-built lookout allows visitors to view the lake and thrombolites safely, without impacting the natural surrounds.

LAKE WALYUNGUP

A 430ha salt lake that reaches 3.5 metres at its deepest point, Lake Walyungup is popular with land sailors and perfect if you're looking for an easy, flat track to enjoy a relaxing walk.

PAGANONI SWAMP

Located on Rockingham's southern border, Paganoni Swamp is one of few intact vegetation communities in the metro area inhabited by threatened species, including the Carnaby's black cockatoo. Meander the relatively short (approx. 1 hour) informal walk trail and you're likely to spy brushtail possums, quenda, reptiles, and other mammals.

SHOALWATER ISLANDS MARINE PARK

is a sanctuary of wildlife, stunning shores, reefs and deep waters to explore. Together with its island nature reserves, the marine park encompasses over 6,000 hectares and stretches from Garden Island's causeway to the southern tip of Becher Point. Here, you can add diving, snorkelling, swimming with dolphins, kayaking and wildlife cruises to your itinerary. Entry to the park is free. **Explore some of the park's main attractions..**

PENGUIN ISLAND

Penguin Island is a must-see destination within the marine park, home to the largest known breeding colony of little penguins in Western Australia. Just 12.5 hectares in size, the island sits within a necklace of reefs, islands, and rocks, which begin in the waters of Safety Bay and extend to Point Peron.

Catch the ferry (departing hourly) from Mersey Point to reach Penguin Island and once you're there, visit the incredible Penguin Discovery Centre, enjoy a relaxing walk along the island's breathtaking perimeter, or go snorkelling within the crystal waters to observe the rich marine life.

Make sure to look around before laying your towel down on the sand – sea lions often visit from Seal Island and can be seen sun-baking on the beach.

EMBRACE NATURE

Wander among living fossils at Lake Richmond (behind) and experience the magic of Cape Peron (above).

SEAL ISLAND

Did you know that the Australian sea lion is the rarest seal species in the world? You can find these cool, playful creatures lounging around and playing in their natural habitat at Seal Island, which lies north of Penguin Island.

This rugged limestone island is home to an abundance of impressive wildlife. As well as many sea lions, you can find little penguins, colonies of pelicans and thousands of other sea birds. On a calm day, the water is so flat it is like a mirror, perfect for gliding along in your kayak or with your SUP (Stand Up Paddle) board.

As one of the area's breathtaking natural wonders, Seal Island should undoubtedly be on your list of things to see when you next visit Rockingham. Simply hop on your kayak and paddle out to the island to respectfully admire resident sea lions – many of which might

swim up closer to you to get a closer look. While people are not permitted to be on Seal Island, it's a stunning spot to observe from a respectable distance.

Alternatively, opt for a guided kayak tour with Capricorn Sea Kayaking, or a guided cruise with Perth Wildlife Encounters for a little more luxury and plenty of insights.

THE SISTERS

Find The Sisters peeking out above the water's surface at the southern end of the Shoalwater Islands Marine Park. These limestone reefs welcome marine life, making it a fantastic spot for scuba diving and snorkelling.

The reef walls are coated with soft and hard corals, anemones, sponges, and sea stars. Sea cucumbers, nudibranchs and bryozoans are scattered over various underwater surfaces, while crayfish and molluscs hide under ledges and in caves.

SAXON RANGER DIVE WRECK

The Saxon Ranger was brought to Australia from the UK in the early 70's to work the south coast trawler fisheries out of Albany and Tasmania. Encountering an unlucky bout of weather, it washed up during a gale in 2003 on the Rockingham foreshore, before it was salvaged and purpose-sunk in Warnbro Sound in 2006.

The incredible Saxon Ranger Dive Wreck remains in Warnbro Sound and is just one of the many sites that make up Rockingham's West Coast Dive Trail, and well worth exploring for any aquatic adventurer with the necessary skills.

The wreck can be reached by boat via Bent St Boat launching facility, Carlisle St boat ramp, Donald Drive boat ramp and Port Kennedy boat launching facility. Remember to purchase a recreational dive permit before diving the Saxon Ranger.

GET OUT ON THE WATER

THE COOL BLUE WATERS OF ROCKINGHAM'S 37-KILOMETRE COASTLINE ARE BEGGING TO BE EXPLORED. MAKE A DAY OF IT AND DISCOVER THE BEST SPOTS TO LAUNCH YOUR BOAT. *By MADELEINE STEPHENS*

Discovering the Australian sea lions at Carnac Island, throwing in a line and catching some snapper, or scuba diving in the deep blue surrounded by rich marine life is just a boat ride away.

Plan your day on the water by getting to know the lay of the land, and sea. Rockingham boasts a variety of public jetties and boat moorings, six local boat ramp sites, and ample facilities and attractions to make your day a breeze.

To get started, bring your own boat or rent one from **Rockingham Boat Hire Bait and Tackle**. Call ahead at the shop to stock up on bait or to hire rods and fishing gear.

Palm Beach East and West

The Palm Beach boat ramps are located the closest to Rockingham's town centre. Venture to the shops and pack a picnic for the morning before taking your boat for a spin either via the west or east boat ramp.

Boat trailer parking is available at Palm Beach Boat Ramp West,

while cars can be parked along the Esplanade to access both sites.

The eastern site has two boat ramps and a holding jetty, while the other has one ramp and a holding jetty. They both allow boat users to launch their vessels straight into Cockburn Sound, where squid can be caught.

If fishing isn't your thing, this is the perfect place to launch a boat and motor out to nearby Carnac Island, where you can watch sea lions bathe on the beach.

Both boat ramps are set to undergo an upgrade in the coming months.

Point Peron

Point Peron is the largest boat launching site, with six ramps, three holding jetties and ample parking bays.

It provides easy entry to the wide-open ocean, where snapper and dhufish can be caught in the depths.

This site is the most convenient to use to access the fruitful seas around Garden Island, where whiting, squid and salmon can be found.

Bent Street

Grab a coffee from Safety Bay's **Café Barco** before setting off for the day from the Bent Street Boat Ramp nearby.

The facility is one of the most convenient ramps to use to reach some of the most popular attractions in the area, including Penguin Island and Seal Island.

It allows you to launch your boat straight into the calm waters of Warnbro Sound where you can fish for herring and King George whiting. It's also a great base for a snorkelling trip around Penguin Island.

The site has two ramps and one holding jetty.

Carlisle

Located in the suburb of Safety Bay, Carlisle Boat Ramp provides good access to Penguin Island for a day of exploring.

The site is best for small boats, being a sand launching facility without a ramp.

There is limited parking, with about 12 boat trailer bays available, so make sure you get in early.

Donald Drive

There are a few more boat trailer parking bays available down the road at the Donald Drive Boat Ramp.

Adventurers can launch their boats via the beach, as there is no jetty at this site.

According to Rockingham Boat Hire Bait and Tackle owner Baden Brockwell, it only provides good access at high tide and requires a four-wheel drive vehicle.

There are no public toilets at Carlisle or Donald Drive boat ramps so visitors should plan ahead.

Port Kennedy

If you are holidaying to the south of Rockingham, your closest gateway to the ocean is the Port Kennedy Boat Ramp.

It provides easy access to fish in the fertile grounds of Port Kennedy, where you might get lucky and catch bluefish or Australian salmon.

The boat ramp is suitable for

all boats, offering two ramps and a holding jetty.

Call Baden on +61 437 771 149 to lock in your boat, bait and/or fishing gear for your next day out on the water.

TEE OFF ON WORLD-CLASS COURSES WITH FRIENDLY WILDLIFE AND COASTAL VIEWS.

By CLAIRE TYRELL

GOLF COAST

Rockingham and surrounds is a paradise for the avid golfer looking to test their skills across a range of courses.

The region's proximity to the ocean and fairly flat terrain make it ideal for links-style courses, consisting of dunes and sandy soils.

Leveraging Rockingham's natural splendour, the courses' designs mean there are sweeping views to enjoy as you make your way around the holes.

Claire Tyrell spoke to some local golfers to glean their experiences of what's on offer.

Rockingham Golf Course

Situated about 6km east of the town centre, Rockingham Golf Club's origins date back to 1947.

The course offers a variety of terrain, with the first nine holes being classed as golf link and the remaining nine being surrounded by a greater proportion of trees and higher soil quality.

It is not uncommon for native fauna to spring up on the grass, while kangaroos and birdlife often grace golfers with their presence.

For local golfer David Franklin, who has been playing the sport for 25 years, the wildlife, the stunning greens and fairways are the highlights of the course.

David says if you're up for a

challenge, the fourteenth hole is the most likely to test your abilities. "The length and shape of the hole (make it a challenge), and the green has many slopes and deviations."

Though it's not all tough. Any type of player from beginner to experienced, from junior to senior can feel comfortable yet challenged at Rockingham Golf Course, which is nice and open says David.

Once you're finished with your game, take a break at the club house for the best vantage point of all. From here you can observe the tee box, the eighteenth green and part of the fairway, driving range, practice facility, and some native wildlife too.

If you're hungry, the salt and pepper calamari is a treat.

Secret Harbour Golf Links

This course, about an hour south of Perth, attracts golfers from around the globe.

Designed by Australian golfing great Graham Marsh, Secret Harbour Golf Links reflects the traditional Scottish courses, making it a unique challenge for WA players.

We spoke to the club's general manager Ben Sweeny, who first got into the golfing

game 28 years ago.

He told us the course catered for a range of experience levels.

"We have the course set up to suit all skill levels from beginners to pros," he said.

"Using different starting tees golfers of all levels can tee off a starting position that suits their game. Black tees are for professionals, blue tees are for competition players and white and red tees are for social and beginner players."

He added that the fourth hole was one of the most scenic parts of the course, where you can tee off overlooking a picturesque view and test your putting skills.

He described the eighth hole as a course highlight, providing some expert tips on how to tackle it.

"Depending on wind you need to hit anywhere from a six iron to driver," he said.

"Make sure you don't go too far otherwise you are in the water. Your next shot is straight over the

Secret Harbour Golf Links

water onto a slippery green – too far and you are in the bush, too short and splash. The green has many slopes, so it takes some skill to sink your putt.”

When asked about his favourite club house meal, Ben says he can't go past a steak sandwich.

Links Kennedy Bay

About 17km south of Rockingham, you'll find Links Kennedy Bay with a reputation renowned for excellence. It has been repeatedly included in Golf Australia's top 10 courses across the country, including in 2021, just prior to the commencement of redevelopments set to be complete in 2023.

Golfing great Graham Marsh has been commissioned to redesign the new 18-hole course, so we can expect standards of excellence to be maintained from Links Kennedy Bay, which in the meantime offers a modified nine-hole course.

Its new clubhouse is a great example of its attention to detail. The clubhouse recently won a prestigious accolade at the WA Architecture Awards, commending it for blending into the natural landscape.

Its flagship venue, Birdie Restaurant, certainly won't disappoint either. Book in for lunch at its locally-focused bistro and bar and watch the kids run wild at 'The Nest' playground within eyesight.

8am Wake up by the foreshore with one of our fabulous family accommodation options. The three-bedroom, two-bathroom family house, **Harrison Retreat**, and the spacious, family-friendly **SeaValor Skyfall** with panoramic sea views, are both great options.

9am Start your morning at one of the many famous beach-front cafés along our foreshore – the 'Little Lulu's Breakfast' or 'Little Lulu's Pancakes' from **Lulu's Café** will go down a treat with the kids.

11am Head to Safety Bay and take a five minute ferry ride across beautiful Shoalwater Bay to meet the world's smallest penguins on **Penguin Island** and enjoy penguin feeding on the island. Take your snorkels to swim in the crystal-clear water.

12pm Make sure you plan ahead with a packed lunch or snack as there is no food available on the island. Alternatively grab some fish and chips from **Pengos Café** before or after your visit.

3pm If you have more energy to burn, take the kids to **Rebound Arena** and discover the gravity-defying fun of trampolining.

6:00pm Enjoy a picture-perfect picnic in **Shoalwater Foreshore Reserve**. The ultimate place for family time with a barbecue, great playground and wondrous sunsets!

4pm Enjoy a well-earned rest on your balcony before heading to one of our award-winning restaurants.

8am Wake for a morning walk on the Boardwalk with a coffee from **Jaffelato**.

10am Take a tour on the scenic, glass bottom wildlife boat cruise from **Perth Wildlife Encounters**. It's the perfect way to experience the marine wildlife from a close distance.

12pm Explore **Penguin Island** for more wildlife excitement. Watch the penguin feeding at 12:30 or 2:30pm, walk the trail and observe one of the largest pelican rookeries in WA.

11am Soak in Rockingham’s natural beauty and embark on one of our many walking trails, including the **Lake Richmond Loop** where you can spot the ancient thrombolites (see page 26).

2pm Take the plunge and explore the magnificent **Shoalwater Islands Marine Park** by snorkelling, scuba diving or kayaking its crystal clear, calm waters.

ADRENALINE JUNKIE

7am Wake early and take a cycle along our **Foreshore Flow**

paths taking in breathtaking beaches.

8am Fuel up with a ‘Breakie Bagel’ to-go from **Bean at the Beach** and grab a Bulk Nutrient protein shake and raw, keto treat for the road.

9:30am For those who want to get the heart racing, experience the ultimate skydive by free falling over the spectacular Rockingham coastline with **Skydive Australia**. Views don’t get better than this.

12pm Celebrate your free fall with lunch at **Chandlers** and a glass of bubbly. Try the ‘Chilli Crab Linguine’, ‘Slow Cooked Pork Belly’, or ‘Buttermilk Chicken Burger’ – you’ve earned it.

2pm Up for more? Take flight and choose from several thrill-seeking adventures with **Jetpack Perth**. Fly with WA’s first coastal water jetpack and flyboard experience. Or try your hand at cable wakeboarding with **Perth Wake Park**. It’s fast, exhilarating and adrenaline pumping! Whether you’re a pro or a beginner, they have you covered.

4pm Wind down at the world-famous Safety Bay “Pond” to watch all the action from the impressive kite surfers as they catch the afternoon sea breeze.
